GUIDE PRICE £530,000

A substantial Grade II listed Georgian house of immense charm and character, located at the top of Whitbygate with a lovely rear garden and generous parking area with a detached double garage.

Whitbygate House underwent a significant programme of refurbishment 10 years ago, being re-roofed, fitted with new kitchen and bathroom units and cosmetically updated. The house would now benefit from some further improvements and offers huge potential to create a unique and comfortable period home, only a few minutes' walk from the centre of this perennially popular village.

Up to 2,500 square feet of accommodation (to include the second floor) comprising, entrance hallway with porch to the rear, large farmhouse kitchen with a triple aspect, range of fitted cabinets and AGA cooker. Front facing dining room, sitting room with conservatory to the rear and a ground floor shower room. Upstairs is a large galleried landing with study area, three, well-proportioned double bedrooms, dressing room and the main house bathroom with shower. To the second floor are two generous attic rooms which could be adapted to create further accommodation and would lend themselves well as a further bedroom with en-suite facilities.

LOCATION

One of the main attractions of the property is the situation; being located within Thornton le Dale, one of North Yorkshire's most picturesque and popular National Park Villages. The village is centred around Thornton Beck and the Green, clustered around which are a number of small independent shops and eateries, including two public houses and bistro. The village lies on the doorstep of some of the most beautiful countryside in the area with endless opportunity for outdoor recreation.

Thornton le Dale is situated approximately two miles east of the popular market town of Pickering and eight miles north of Malton and enjoys easy access to the A64 providing links to the wider metropolitan area. Malton benefits from a train station with regular services to the main line station of York, where there are direct services to London, Leeds & Edinburgh.
