DESCRIPTION

A handsome Grade II listed Yorkshire Longhouse set over 6.5 acres of land and grounds, situated in a sheltered, south facing position in Danby Dale, close to Castleton village. Built in 1770, the farmhouse has been in the same hands for over thirty years, being thoughtfully and imaginatively restored and extended during that time, with the work carried out staying faithful to the inherent style and age of the property, with original flagstone floors, exposed stonework and original style of windows. In conjunction with this the house has been extended and remodelled, with a traditional cow barn to the rear incorporated into the house as a large dining room with vaulted ceiling and French doors opening out to the garden. A two-storey remodel of the western end of the house has created a contemporary space, with partially glazed entrance hallway and floor to the first floor giving the space an especially light and airy feel. The result is a wonderful family home with an easy flow of accommodation and recent improvements including bespoke double-glazed windows to the front.

In all 3,701 square feet of accommodation. Central cross passage entrance hallway with flagstone floors, large farmhouse kitchen with aga range, living room to the side with multi fuel stove which opens to the rear into a large dining room with a triple aspect and French doors which opens onto the garden. Lading off the Entrance hall is a further snug and office to the side, which has an independent access to the front. There is useful back kitchen, with utility room/laundry and a ground floor wet room.

Upstairs the rooms are all doubles, with a master suite to the western side comprising bedroom, dressing room/studio and bathroom. There are up to five further bedrooms over the first and second floors as well as a main house bathroom.

Crag House Farm is set within 6.5 acre in total, over 2 acres of which make up the attractive, well-established grounds where there are a number of traditional buildings and covered parking. A further 4.5 acres comprises two substantial grass paddocks, ideal for livestock or equestrian purposes.
