The cottage has been updated and extended by the current owner, who has added a large boot room, refitted the kitchen and utility rooms with bespoke units, fitted new flooring and fully redecorated throughout. In all the accommodation amounts to just over 1,000 square feet and in brief comprises the following: boot room with underfloor heating, farmhouse kitchen with a range of bespoke quartz topped kitchen cabinetry, Aga and separate electric oven, utility room, laundry room with a separate cloakroom and a cosy front facing sitting room with multi fuel stove. Upstairs are two double bedrooms, both with fitted storage and the house bathroom. Windows are double glazed throughout and there is oil fired central heating.

Outside is a well-stocked and pretty cottage garden. To the side is a substantial steel portal frame and Yorkshire boarded building arranged to provide three large loose boxes, parking and storage and a series of storage rooms or office space. A further Nissan hut and stone workshop garage offer further useful storage. In all Low Harland Cottage offers a wonderful lifestyle opportunity for any buyer looking to create a more sustainable way of life.

Farndale is one of the most beautiful of the North York Moors dales, with stunning scenery in every direction and famous for their wild daffodil displays each spring. Low Harland is located on the western side of the dale, only a 5-minute drive from Low Mill, a small but vibrant hamlet with a village shop, some six miles to the north of Kirkbymoorside, and within reach of Whitby the North East Coast, the A64, York and Thirsk.
