This larger than average four double bedroom detached house is pleasantly tucked away at the end of a cul de sac. This property benefits from a large living area which wraps around into a dining room and through to the kitchen and utility making it somewhat open plan. There is a spacious driveway to the front and a detached garage.

The accommodation comprises a generous sized entrance hall which flows into the living room via an arched entrance. The living room benefits from two box bay windows to the front which allows plenty of light to fill this room. The stairs are positioned in the living room and rise to the first floor which adds a characteristic feature to this room.

The dining room can be accessed via an arch to the rear of the living room which flows through into the kitchen area. The kitchen can be accessed from both ends of the living area. There is a handy utility room and a ground floor WC which is essential to any family.

To the first floor there are four double bedrooms with the master benefitting from built in wardrobes and an en suite shower room in addition to a family bathroom.

Outside of the property to the front there is a large driveway with parking for 4+ cars and a detached garage. The rear garden benefits from a patio area and is fence enclosed with the potential to have a nice lawn and entertaining area. This is the perfect space for the keen gardener to put their own stamp on this project and recreate this garden into something special.

This property does require some attention to certain areas which has been reflected in the price for a property of this size.
