Property Description

We are pleased to offer for sale this spacious five bedroom family home, uniquely divided into a three bedroom house and a two bedroom annex, complete with off-road parking for up to five vehicles. The original three bedroom property was extensively extended in 2016 by the current owners, who added a single-story extension to the rear, creating a stunning kitchen diner with quartz work surfaces, bi-fold doors, and four skylights that flood the space with natural light. Additionally, they built a double-story, self-contained two bedroom annex to accommodate their parents, ensuring they could be close by.

Situated on a generous plot, this home still offers ample space. The expansive rear garden features a large patio perfect for outdoor entertaining, along with a stable-type barn and other outbuildings that could be converted into a home office or gym. The breathtaking views over the rolling hills add to the charm and appeal of this property.
