The lounge flows seamlessly into the dining area, a well-appointed fitted kitchen, and a convenient utility room.

The ground floor also boasts two spacious double bedrooms and a stylish family bathroom.

Upstairs, you'll find two further bedrooms, including a master suite that benefits from its own private WC.

The true highlight of this home is the breathtaking one-acre rear garden-an outdoor oasis offering endless possibilities for relaxation, entertaining, or even further development.

This is a rare opportunity to acquire a highly unique and character-filled property in a sought-after Eastleigh location. Viewing is highly recommended to fully appreciate everything this remarkable home has to offer.

Garden

The one-acre garden hidden away behind this property is a totally unexpected gem of tranquility and seclusion and is a haven for birds and wildlife.

From the sunny patio it undulates via meandering pathways down to a small stream, surrounded by ferns, hostas, gunneras, irises and numerous moisture-loving plants, then on between lush herbaceous borders and sweeping lawns up to a small copse of bluebells, daffodils, ferns, hardy geraniums etc.

The garden is beautifully landscaped and well maintained and has a relaxed cottage garden feel, with cool woodland areas and sunny borders bursting with choice shrubs and perennials.

In spring the garden is ablaze with azaleas, rhododendrons and magnolias underplanted with spring bulbs, primroses, hellebores etc. As they fade other mature shrubs take over giving structure to the borders and a backdrop for the exuberant clumps of perennials, many of which provide colour and interest well into the autumn.

Of particular note there is a wonderful Davidia [handkerchief tree], crinodendrons festooned with hanging red lantern-like flowers and two wisteria archways.

Towards the rear of the garden there is a small productive vegetable plot and a handful of mature apple trees.

There are two good-sized garden sheds, two greenhouses, a purpose built wood store, a large compost area and water storage tanks, all discretely located. Rainwater from the roof flows into the tanks and is fed to strategically placed taps throughout the length of the garden.

One of the current owners has a passion for collecting and propagating plants and for many years was a very active member of the Hardy Plant Society. During this time the garden played host to numerous open garden events, welcoming visitors from all over Hampshire and sometimes from all over the country, with many returning year after year, often bringing family and friends.
