Shared Ownership

Buying a home with shared ownership

Subject to eligibility, shared ownership is an affordable house scheme that allows you to part buy and part rent your home. In the future you can purchase additional shares in the property at market value at that time, until you own 100% of the property.

You could be eligible for shared ownership if:
– Your household income is between £25,000 and £80,000
– You cannot buy a property on the open

market for a variety of reasons
– You meet the local authority's eligibility criteria

How It Works

Shared Ownership - How it works

You will need a mortgage and deposit for your share, and you will pay an affordable rent on the remaining share that Rosewood continues to own. The minimum initial share you could purchase is 25% and the maximum is 75%. However, the shares you can purchase will depend on the development and on your individual circumstances.

We assess applications on an individual basis and we will discuss with you the maximum share you can afford.

Calculated Rent

How is Rent calculated

Rent is calculated based on the value of the share retained by Rosewood at the time of your first purchase. The annual rent is set at 2.75% per annum of this value.

For example - you buy a 50% share in a property valued at £200,000. The value of the equity retained by Rosewood is £100,000.

$£100,000 \times 2.75\% = £2,775$ per annum, or £52.88 per week.

Buying more Shares

You can purchase additional shares in your property after 1 year from your initial purchase. You can eventually own the property outright and this is

called 'staircasing'.

The cost of any further shares will be based on the open market value at the time you apply. If you do buy more shares, the amount retained by Rosewood will reduce and your rent will be reduced accordingly.
