To the one side there is a large sitting area laid to composite decking with modern stainless steel wired handrails, next to which is a further private sitting/eating area laid to resin floor which is conveniently adjacent to the kitchen. On the opposite side of the property there is an ornamental pond with grey composite decking and seating area creating a quiet, relaxing space which like most of the gardens benefit from attractive elevated views. Beyond this there is a further level area where currently a large greenhouse sits, but which could be used for space for a summer house/outbuilding or a children's play area. To the front of the property there is a level lawn with a well stocked, maturely planted border, whilst to the rear of the property there is a further sitting/patio area beyond which is a sloping garden laid predominantly to lawn with an exposed, attractively planted natural rockery.

The rear of the sloped garden is still classed as agricultural land so could be used for small farm animals, tiered to provide further level areas or simply left as a lawned area as part of the natural landscaped. From the top of the garden there are spectacular panoramic vistas across parts of Wenvoe village to the beautiful surrounding countryside beyond.
