

An aerial photograph of a residential development, likely a new housing estate. The houses are built with light-colored stone or brick and feature large windows. A central courtyard area is visible, with a dark-colored car parked on the left side. The background shows a hillside with more traditional houses and trees. The entire image is overlaid with a semi-transparent orange-brown filter.

Summary

We always design and build in accordance with the latest Building Regulations. And for further peace of mind you can enjoy our 2 year AJ Roberts Guarantee and our ten year Premier Guarantee New Home Warranty. Throughout the first two years, your AJ Roberts Guarantee will cover a variety of defined responsibilities. Succeeding this, your Premier Guarantee New Home Warranty will be in place should anything occur during the first ten years after construction.

Established in 1958 by Arnold and Sheila Roberts, AJ Roberts Construction remains a family business to this day – and we're proud to be so.

Over the last 65 years, AJ Roberts Construction has gained a wealth of expertise in all aspects of the building and construction industry, building an excellent reputation for the delivery of the highest quality projects, industry expertise and knowledge and providing a personal service with quality performance.

Ben Roberts, Grandson of the founders, is now the Managing Director, the third generation to work in the family business – who continues to provide clients with the dedicated personal service that has always been at the very heart of the business.

As a family-owned and operated company, we not only recognise the importance of achieving the highest standards for our clients, but also of working with the best possible team. At AJ Roberts Construction, we employ the majority of our staff directly & use the same sub contractor team - many of whom have worked alongside us for more than 20 years - so you can be sure you're always getting the best possible team.
