“Since moving back we have noticed a real buzz to Manningtree town. There seem to be more boutique shops opening on the high street and I think the new builds have really had a positive influence on the area.”

**Teri and Chris Gooch**

## Meet your neighbours

**Semi-retired Teri and Chris Gooch returned to their hometown of Manningtree and purchased at Manningtree Park, where they turned their downsizing dream into a reality.**

Now very proud residents, Teri & Chris originally discovered Manningtree Park whilst on the lookout for a 2-bedroom property. Teri said: “We viewed one property before its walls had been put up, but the extremely friendly Sales Executive suggested a viewing of The Chrishall, which was a 3-bedroom mid-terrace. We fell in love straight away.

The view was a massive selling point for us – we can see the rare-breed sheep from our window! We realised the third bedroom would give us more space to have an office area and we knew this would also help with storage.

We were concerned going into it that we wouldn’t have enough space, but having viewed The Chrishall, we loved the open plan, spacious feel to it.”

To get a feel for a completed development, Teri and Chris also viewed our sister development, St Osyth Priory as well as Sanderling Reach in West Mersea. Whilst there, the Goochs were “bowled over by the quality”.

“We both loved the look and feel to our new Manningtree Park home, and seeing the other developments helped to reassure us that we had made the right decision. We loved the individuality and quality finish each house had and it’s great to see the developments weren’t a repetitive layout of identical avenues like most new build sites,” Teri said.

“Since moving back we have noticed a real buzz to Manningtree town. There seem to be more boutique shops opening on the high street and I think the new builds have really had a positive influence on the area.”

The Goochs have fallen back love with their hometown and have settled into their new home at Manningtree Park. “There is a beautiful river and beautiful walks around the area like the Furze Hills. I know this town like the back of my hand and it’s so lovely coming back. We are also both very excited for the opening of the Farm Shop – I love cream teas and I’m looking forward to walking along, sitting outside and to get chatting with other residents!”
