**DESCRIPTION:** Reeves Barn is a fine example of a residentially converted Grade II Listed barn presenting weather boarded elevations on a brick plinth, set with oak framed sealed unit double glazed windows beneath a pitched clay tiled roof with catslide. Residentially converted in the late 1990's to an exacting standard by Palmers of Headcorn the character accommodation is arranged over two floors with features including a wealth of oak joinery in particular the internal doors, exposed beams, timbers and studwork. Particular attention to detail includes the sympathetic use of the traditional H brackets for cupboard doors and the use of oak flooring to form a border to the carpeted areas. The reception/dining hall has floor to ceiling windows with feature oak staircase and view up to the galleried landing and vaulted ceiling. Within the sitting room a brick inglenook style fireplace has been created with oak bressemer housing a wood burning stove. Open stud work leads to the morning room with French windows enjoying a pleasant outlook across the garden. The kitchen/breakfast room is fitted with bespoke oak units with feature brick fireplace with oak bressemer housing a twin oven oil fired Aga with twin electric oven and four hob Aga oven alongside. Integral appliances include Bosch dishwasher and fridge. The fitted work surfaces have wooden edging and tiled splash backs. A traditional walk in larder has stone and timber shelving with external ventilation. A flagstone floor follows through into the rear porch. The four bedrooms are arranged over the first floor with exposed beams and timbers, enjoying views out across the surrounding farmland and countryside. The master bedroom benefits from a dressing room and an en-suite bathroom which now offers scope for the updating of the fixtures and fittings. Bedroom two benefits from an integrated shower. A family bathroom is fitted with a coloured suite and also offers potential for updating. **Outside** electronically operated five bar gate opens onto a sweeping pressed gravel drive continuing round to a turning circle with central island. The gardens and grounds are a particular feature, neatly tended and well stocked with fruit and deciduous trees, block paved seating areas, neatly concealed oil tank and log store. The two paddocks extend out to the southern boundary, well fenced with hedging and stock proof fencing including a natural pond and useful **Outbuilding 7.3m x 7.7m** presenting stained weather boarded elevations on a brick plinth, with a pitched tiled roof, double and stable doors. Subject to obtaining all relevant planning consents this building may offer potential ancillary accommodation. The whole adjoins and overlooks farmland and countryside beyond.
