# RIDGE FARM TILFORD ROAD FARNHAM SURREY GU10 2LL

Guide Price £1,750,000 Freehold

7 Acres of paddocks, woods, gardens and a lovely open aspect, with a convenient location, with planning potential.

A very interesting and unusual residential development opportunity in total at just under 7 acres (6.883 acres/2.5 hectares). Originally this was the water pumping station for nurseries in the area for the Lloyd George estate and over the years the pump house, workshops and garages have changed to more residential accommodation, including the installation of the groom quarters in 1989.

In more recent years the site and properties have been the subject of planning applications for conversion into residential. This was passed in July 2023 (WA/2023/02478). The mobile home, which is located on Ridge Farm, has a certificate of lawful use dated WA/2021/01654.

Simon Collins the Planning Consultant is more than happy to further advice to interested parties on future development value. The site is being sold with no override on an unconditional basis for the freehold interest. Offers are invited with proof of funds and any conditions attached, plus solicitor's address and company name being provided.

Viewings of the site can be undertaken via a drive-by or by appointment with the agent only, specific viewing days may be undertaken on block viewings interested parties will be notified on the internet and via email.
