Located on Llantwit Road, a quiet semi rural link road between Neath Town Center and the popular village of Tonna, is this very well presented three bedroom semi detached family home. Built in circa 1950's, the property has undergone significant extension to rear to now offer the highly desirable kitchen/dining/living space whilst retaining the traditional front reception room, with its distinctive bay window and curved arch front door.

The property is entered via a UPVC and glazed panel door into a light and inviting entrance hallway, fitted with carpet flooring.

The hallway offers a fixed staircase rising to the first floor accommodation and doorways lead off the hallway to the front reception room, the open plan kitchen/dining/living space and to a useful understairs storage cupboard.

The front fitting room features fitted carpet flooring, recessed alcove wall lights, a wall mounted electric feature fireplace and a large bay window to the front.

The spacious open plan kitchen/dining/living area has been fitted with laminate wood flooring throughout and offers access to the garden via a side pedestrian door and a set of patio doors to the rear.

The kitchen area has been fitted with a matching range of wooden base and wall mounted units, with a black laminated worksurface over. It provides an eye level integrated electric oven with separate grill space., a five burner gas hob with contemporary extractor hood over, integrated fridge and freezer and has a stainless steel sink unit positioned below the window overlooking the garden.

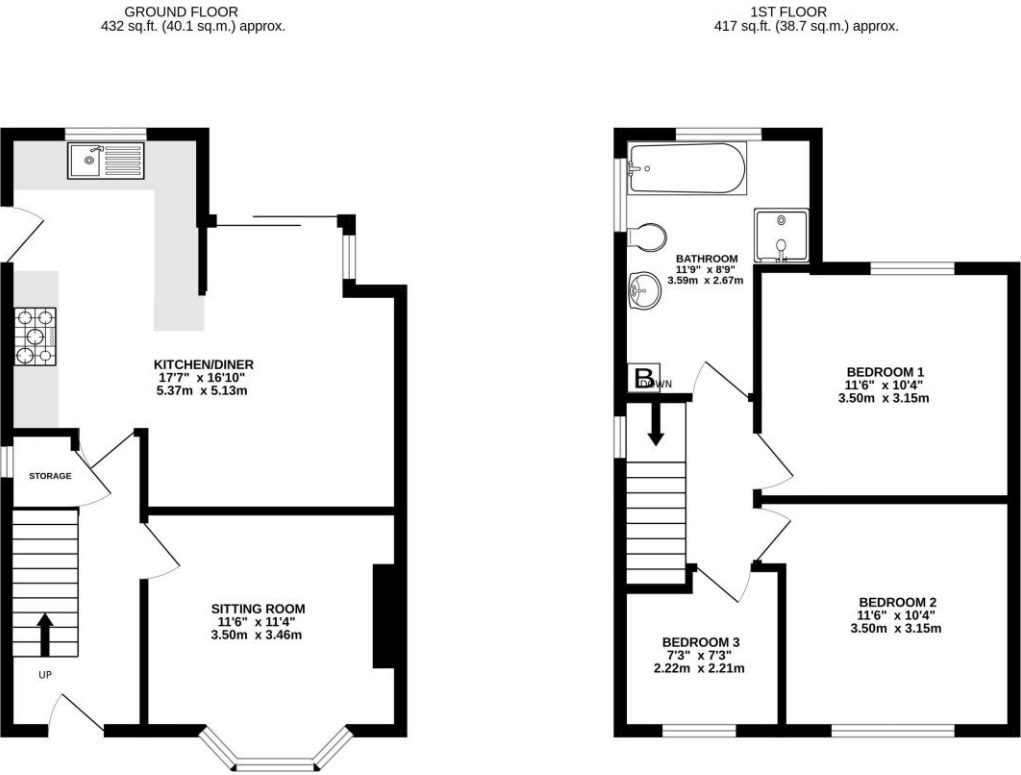

Within the dining and living areas, an aerial socket provides usage for a TV and can comfortably house a large dining table and separate seating area.

To the first floor the landing offers a window to the side and is fitted with carpet flooring. It provides access to all three bedroom and the four piece family bathroom.

Bedrooms one and two are generous sized double bedrooms, each with fitted carpet flooring. Bedroom one has a window to the rear overlooking the garden and bedroom two has a window to the front. Bedroom three is a well proportioned single bedroom featuring fitted carpet flooring and aka window to the front. All of the bedrooms share the use of the larger than average family bathroom. It has been fitted with a four piece suite comprising; panel bath, single enclosed shower cubicle, low level WC and a pedestal wash hand basin. The room has fitted carpet flooring, a partial wooden clad ceiling, gives access to the useful airing storage cupboard and features windows to both the side and rear.

Externally to the front of property there is a low maintenance garden, laid mainly to paving stones and is enclosed to two sides by a half height wall. There is a concrete driveway to the side providing off road parking and a tall wooden side gate secures the front of the property off from the rear garden.

To the rear, the impressive sized level rear garden offers a large paved patio area and a significant area is laid mainly to lawn. A concrete pathway leads from the patio area down through the lawned garden towards a large timber summer house. Beyond the summer house is an area in need of some landscaping but would make an ideal spot to house another store shed or as use for an allotment space.
