Development Potential

Externally, to the East of the property, there is an attached twin stable barn currently used as storage but, subject to planning permission, could create additional residential accommodation or annex.

Cart Lodge

Attached to the south of the living area, this section has planning permission (EPF/0706/17 LB) to be converted into additional residential accommodation.

OUTSIDE

The Front

The front is approached via a pair of electric gates that supplies access to a shared shingle driveway that in-turn supplies access to a secondary set of electric gates (yet to be installed) opening into the properties private shingle driveway that supplies off-street parking for numerous vehicles and vehicular access to the various outbuilding's. To the North, is a post and rail fenced garden to the immediate rear of the property with a large paddock beyond. In the west corner of the paddock there is water, power and access to the sewage system that if a stable with toilet block be required could be installed, subject to planning permission.

External Outbuildings

There are several external outbuildings with a variety of usages (storage, workshop or office space), some with power and lighting.

To The West

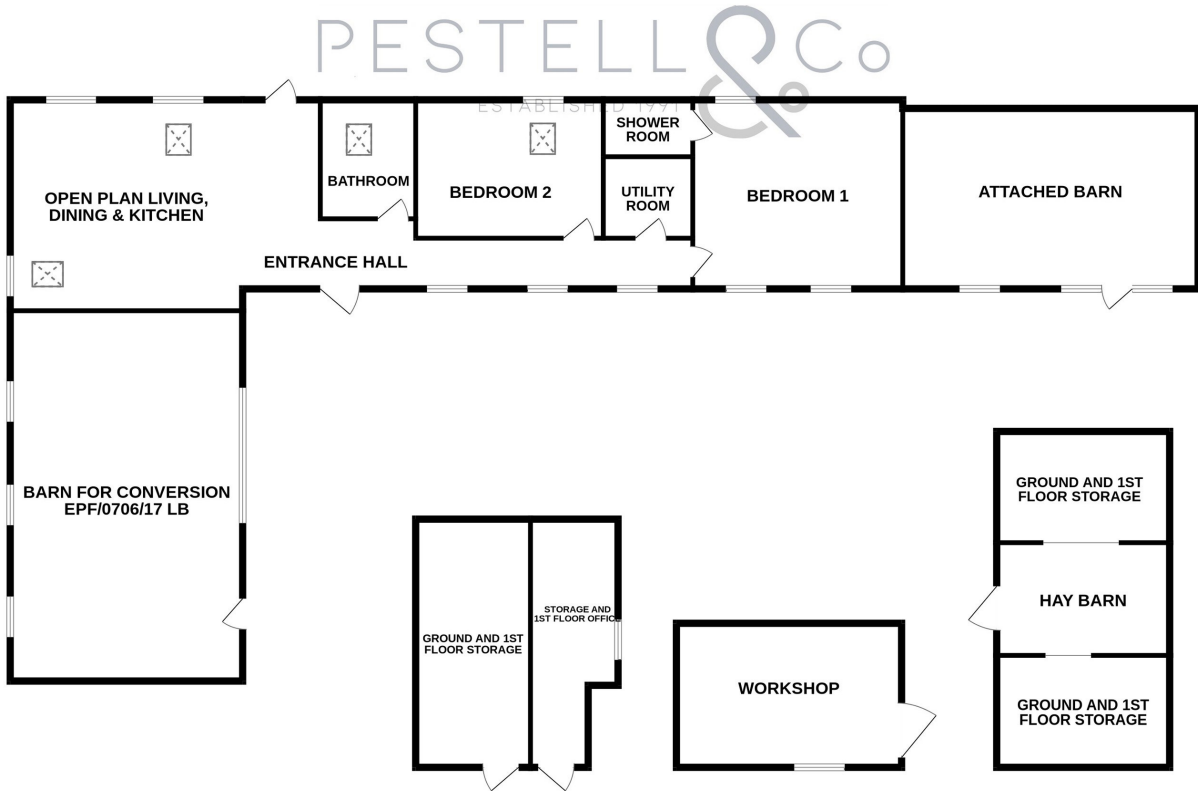

There is an additional smaller paddock ideal for storage or additional recreational facilities that has vehicular access.

The boundary to the property is retained by a beautiful tree line or hedging.

Score	Energy rating	Current	Potential
92+	A		93 A
81-91	B		
69-80	C		
55-68	D	56 D	
39-54	E		
21-38	F

GENERAL REMARKS & STIPULATIONS

The Old Dairy is located south of the village of Sheering that in turn is between Hatfield Heath and Old Harlow, both offering schooling, shopping, restaurants and recreational facilities. The larger towns of Bishops Stortford, Sawbridgeworth and Harlow offer mainline train stations direct to London Liverpool Street and Stratford. The nearby M11 can be accessed via the new Junction 7A, that offers onward journeys to the M25 and London to the south or Stansted Airport and Cambridge to the north.

AGENTS NOTE: The information given in these particulars is intended to help you decide whether you wish to view this property and to avoid wasting your time in viewing unsuitable properties. We have tried to make sure that these particulars are accurate, but to a large extent we have to rely on what the seller tells us about the property. We do not check every single piece of information ourselves as the cost of doing so would be prohibitive and we do not wish to unnecessarily add to the cost of moving house. In accordance with the misrepresentation act, we are required to inform both potential vendors and purchasers, that from time to time both vendors and or purchasers, may be known by our staff, by way of previous customers, friends, neighbours, relatives, etc. Once you find the property you want to buy, you will need to carry out more investigations into the property than it is practical or reasonable for an estate agent to do when preparing sales particulars. For example, we have not carried out any kind of survey of the property to look for structural defects and would advise any homebuyer to obtain a surveyor's report before exchanging contracts. If you do not have your own surveyor, we would be pleased to recommend one. We have not checked whether any equipment in the property (such as central heating) is in working order and would advise homebuyers to check this. You should also instruct a solicitor to investigate all legal matters relating to the property (e.g. title, planning permission etc.), as these are specialist matters in which estate agents are not qualified. Your solicitor will also agree with the seller what items (e.g. carpets, curtains etc.) will be included in the sale.
