A rare opportunity to acquire a Compact Farmstead in this part of Warwickshire.

Being over 3,000 sq. ft., this substantial dwelling house, with self-contained annexe (in need of complete refitment) therein, offers versatile living accommodation and has great scope for any new owner to put their own stamp on. The property also benefits from a range of traditional brick and tile outbuildings, which are large and have been used as stabling for many years, but have good potential to be unlocked (STPP). The land, which is well established, level pasture, is approximately 8.80 acres or thereabouts. In all, the plot totals some 10.80 acres.

Located on the outskirts of the village of Ullenhall, this property is conveniently placed for access to the picturesque former market town of Henley-in-Arden and all of its excellent amenities including; both primary and secondary schools, a range of shopping and recreational facilities, a number of pubs and restaurants, a dentist and doctor's surgery, and railway station, which offers regular trains to Birmingham City Centre and Stratford-upon-Avon. The property itself is well situated for major road networks, with the A435, M40 (J16) motorway and M42 (J3A) motorway located just 3, 5 miles and 7 miles away respectively.

The property is set back from the road and approached via wrought iron gates, which open onto a stoned driveway that leads to the front of the dwelling house. A paved pathway leads to a sheltered porch area with front door, which opens into:
