This delightful bungalow has been much extended since it was first constructed in 1972. It was originally built following the granting of a planning consent by Bromsgrove Rural District Council on 27th July 1971 for an agricultural dwelling (Ref: BR 454/71). Until then, this area was a greenfield site and consent was only granted on the understanding that such occupiers of the dwelling be "employed full-time in agriculture" as defined by Section 221 (1) of the Town and Country Planning Act 1962 (now amended) "or forestry, or a dependant of such a person residing with him/her (but including a widow or widower of such a person)".

Due to this occupancy restriction, it makes the property in the eyes of general High Street building society lenders a "business asset" and therefore, obtaining a usual mortgage, as with normal domestic properties, would not be possible.

The accommodation is very habitable, although it would be expected for a new owner to factor into their offer the costs of refitting the kitchen and bath/shower room areas.

The property is located at the bottom of the hill, on what is now a no-through road and a bridleway, which leads to the village of Beoley. It is situated in a quiet, secluded and some might consider a pleasantly remote location.

The property is set back from the road behind a pair of diamond brace timber gates that lead to the driveway, which provides parking for multiple vehicles and gives access to the double garage with carport to the side. A pair of part glazed doors open into:

Entrance Porch
6'2" x 3'11" (1.90m x 1.20m)

With quarry tiled floor. Part glazed door into:

Hallway
12'9" x 9'2" (3.90m x 2.80m)

Cupboards housing the "Worcester" oil-fired central heating and hot water boiler as well as the consumer unit and electricity meter. Door into:

Utility Room
6'10" x 5'6" (2.10m x 1.70m)

With space and plumbing for a washing machine. This is the inlet location for the water from the borehole.

Breakfast Kitchen
16'4" x 12'1" (5.00m x 3.70m)

Double glazed windows to the front and rear, fitted kitchen with range of wall, drawer and base units with roll edged work surfaces over, and recess housing the oil-fired AGA.

Inner Hallway
43'7" x 10'9" (max)/4'11" (min) (13.30m x 3.30m (max)/1.50m (min))

Part glazed doors to the front and rear of the property, and oak boarded floor. Door into:

Farm Office
7'2" x 5'10" (2.20m x 1.80m)
With double glazed window to the front.

Main Bathroom

Double glazed windows to the side and rear, housing the inverter for the "SMA" solar panels, and power point.

Double Garage
17'4" x 16'4" (5.30m x 5.00m)
Of 4.5-inch brick construction; with strip lights to roof trusses, double glazed window to the rear, two single up-and-over doors to the driveway, and concrete floor.

Carport
17'4" x 9'6" (5.30m x 2.90m)
Open to two sides; with simple tin single

pitched roof, timber cladding to the rear, and gravel/paved floor.

Outside
The gardens to the rear of the property are chiefly laid-to-lawn with a number of herbaceous borders and specimen trees. Next to the vegetable plot, there is a greenhouse and an old cedarwood summerhouse with a pitched cedar clad roof. To the side of the property, there is a bunded oil storage tank, which serves the boiler and AGA. From the gravelled yard to the rear of the double garage, there is an old farm gate that crosses the culvert and onto the single-track lane.
