ESTABLISHED 1992

Hambleton House is a family house skilfully converted from traditional farm buildings some twenty years ago. It occupies a generous corner plot within an exclusive development of five properties and enjoys far-reaching views from its elevated position. The living space is particularly spacious and well appointed, and is accompanied by wonderful, landscaped gardens as well as equestrian facilities with separate access.

- Substantial family house
- Versatile accommodation of nearly 3500 sq ft plus
- Double integral garage
- Landscaped gardens
- Solar panels and two fast electric car chargers
- Equestrian facilities include stables, arena and paddock
- Superb countryside all round with bridleways from the property
- Rapid access to York and convenient for Harrogate, Leeds and motorway links

The property's agricultural heritage has been honoured through careful restoration and further character has been added. The old barn doors have been integrated into the design, there are exposed ceiling beams, exposed brickwork and vaulted ceilings. The main entrance opens to the impressive, double-height staircase hall with turning staircase. There is a well-proportioned living room with a parquet solid wood floor, a fireplace housing a wood-burning stove, and French doors opening onto the garden terrace. Double doors give access to the formal dining room with 'minstrel' gallery and floor-to ceiling windows facing south across the garden. The office has solid wood flooring, exposed beams and brickwork, and French doors opening east onto the garden.

The open plan family kitchen/living room is a fabulous sociable living space with French doors leading out to a paved terraced area and gardens beyond. The 'Bulthaupt' kitchen has a large

central island unit with breakfast bar, integrated appliances including a Bora induction hob, electric oven, fridge freezer, two Fisher Paykel dishwashers, a wine fridge, ice maker, a drinks fridge and a plumbed coffee machine. There is also a Quooker tap with hot and sparkling water. Adjacent is a utility/laundry room giving access to the integral garage.

The magnificent galleried landing area has vaulted ceilings and gives access to all six double bedrooms. The principal bedroom is served by an en suite shower room and walk-in dressing room. Bedroom 2 also has an en suite bathroom and there are four further double bedrooms and a luxurious house bathroom with a three-piece white suite and separate walk-in shower cubicle.

Outside

Hambleton House is approached via an impressive arched entrance leading to a gravelled courtyard area; this is shared space that provides ample

off-street parking in front of a private double garage with electric doors, power and light. Care and attention have been paid to the landscaping of the delightful and fully enclosed rear gardens which are southeast facing and form an ideal and safe play area for children and pets. Being predominantly laid to lawn with a generous paved patio area the property enjoys a good degree of privacy and is perfect for those who enjoy alfresco dining or outside entertaining. The property has fitted solar panels and two fast electric car chargers.

Equestrian

The property provides separate equestrian facilities accessed via a track off the main drive. It comprises a paddock, a floodlit all-weather sand arena, large stables, a horse shelter, a feed store and storage for tack, all recently updated by the current owners. The whole paddock area totals some 1.5 acres.

Environs
