DESCRIPTION

Dating from the late 19th century, Mayfield is a magnificent detached period house providing around 4000 square feet of elegant accommodation which is presented in excellent order with modern fixture and furnishings sitting alongside a wealth of fine original features including decorative coricing, bay windows, pitch pine staircase and full length sash windows including one which completely opens up allowing access to the magnificent south facing façade, terrace and garden. Mayfield has been with the same family for many years and we understand this is the first time the property has entered the market for over 100 years. In more recent years the property has been a significant labour of love for the current owner, who has made many notable improvements including double glazed sash windows, new veranda slate roof and orangery with new roof and fully double glazed. Due to the large and versatile accommodation we envisage the property could have potential use for dual occupation living or creating a home with rental income. A truly stunning period home which needs to be viewed to be fully appreciated.

ACCOMMODATION

The entrance hall gives a wonderful sense of arrival, setting the tone for the rest of the house with an abundance of natural light, high ceilings and elegant proportions, this includes the original pitch pine staircase and leads to its principal rooms, to one side is the dining room with large sash bay windows which fully open out onto the south-facing veranda and terrace with attached orangery providing an impressive and calming space with access to the garden. On from the dining room is a guest bedroom with ensuite shower room. To the other side of the entrance hall is the highly impressive drawing room which is the main living room to the house with bay window, wood burner with marble surround and, beyond this is the breakfast room with space for a dining table, built-in storage and wood burner, from here you have access to the rear lobby/utility, pantry and the kitchen which has a range of modern fitted units with integrated appliances, access to the garden and secondary former servants' staircase to the first floor.

The quality and versatility continues to the first floor where all of the six elegant and well-appointed bedrooms have classic proportions and high ceilings. Bedroom 1 is a stunning room with large sash bay windows and modern ensuite shower room. There are also a shower room and family bathroom which includes bath and shower.

OUTSIDE

The immaculate south-facing garden offers a wonderful space which compliments the house perfectly with an idyllic veranda and large raised terrace which takes full advantage of the property's elevated position. On from the terrace is a lawn area with well-planted borders and mature trees giving the property a sense of seclusion. Beyond the garden is a greenhouse and storage outbuildings for bikes, surfboards etc. In terms of parking the property is blessed with ample parking and turning area.
