DESCRIPTION

Arguably one of the most unique properties in North Devon, The Water Tower offers more than 4,000 square feet of exquisite living space and breath-taking 360-degree views that stretch across the countryside, reaching as far as the North Devon coast, Cornwall, and Dartmoor.

Originally built as a water tower in the 1940s, the current owner has meticulously transformed the structure to the highest standards over the last four years. While preserving the original structure's character and unique features, the conversion seamlessly integrates modern amenities such as underfloor heating and high-quality kitchen and bathroom fixtures. This remarkable restoration has received national attention, including stories in "Grand Designs Magazine," "Good Homes Magazine," and an episode of "Derelict Rescue" that filmed the reconstruction process.

ACCOMMODATION

Nearly every room in this three-story home offers breath-taking views of the countryside and beyond. The top floor is the property's most notable feature, an extraordinary open-plan living area with a sitting room, dining area, and kitchen beneath the original domed ceiling. The top floor is flooded with natural light thanks to an array of windows, while two bi-fold doors and French doors with Juliet balconies create a seamless connection between indoors and outdoors. The original access shaft with steel ladder is still in place, serving as an excellent focal point for the bespoke dining table, which seats at least ten people. This floor is ideal for relaxing on sunny summer days and watching the stunning sunsets.

The home has four to five spacious bedrooms, three luxurious bath and shower rooms, and an abundance of character and natural light. The master bedroom is particularly special, with a Juliet balcony, a large walk-in wardrobe, a breath-taking ensuite bathroom, and a large dressing room.

OUTSIDE

The outside does not disappoint with gardens that wrap around the tower, offering privacy and spectacular countryside views. A porcelain tiled terrace with outdoor seating, crafted from the original front doors of the water tower, provides the perfect outdoor dining spot.

Accessed via an electric gated entrance, the property features a gravel driveway with ample parking and turning space, leading to a detached double garage.

SITUATION

The property is only a short drive from the popular and famous village of Clovelly which is a beautiful 14th century harbour village, famous for being privately owned and having no automobile access (meaning goods are brought down via sledge by the locals), cobblestone alleys and whitewashed cottages. It is easy to understand why it is one of the most visited villages in the UK. Close by is the rugged North Cornish and Devon coastline famed for its many Areas of Outstanding Natural Beauty, with breathtaking cliff top coastal walks and safe bathing beaches. Nearby popular beauty spots include Welcombe Mouth, Peppercombe beach, Hartland Quay, Stanbury Mouth and Bucks Mills. Hartland village located 4 miles away has a thriving community with an excellent range of local amenities including cafe, shops, Post Office, pubs, medical centre and primary school. There are churches, a variety of clubs and societies. Popular attractions include Hartland Abbey, the lighthouse at Hartland Point, a 16th Century Quay with its shipwreck museum, pub and Hotel and Docton Mill Gardens.

The towns of Bideford (12 miles away) and Bude (around 17 miles away) offer extensive facilities, including further education establishments, banks and other amenities. Barnstaple is around 45 minutes by car. Junction 27 of the M5 and Tiverton Parkway rail station are approximately 90 minutes away. There are regular services to London Paddington, the Midlands, the North, Scotland and the South West.
