WOODMAN'S COTTAGE

The Property has been consciously managed to promote native wildlife, and the areas of felled conifers have been replanted with 14 different species of nature broadleaf trees. The sounds of birdsong and running water are predominant and the land abounds with native wild flowers, including bluebells. Planting in the woodland garden has focused on unusual perennial, acers and magnolias, together with fruit trees including apple, pear and damson.

DIRECTIONS

Travelling either from Church Stretton or Ludlow on the A49 on arriving at Craven Arms and at the main roundabout take the westerly road to Clun. When in Clun turn left and continue over the bridge taking the Knighton Road to New Invention. After about two mile, at the bottom of the hill at New Invention, turn left, signposted Chapel Lawn. After half a mile take the first left signposted Clun then after 300 meters take the first left, signposted Menutton and continue up the valley and as you approach the brow of the hill the track on the right descends to Woodman's Cottage.
