Whittaker & Biggs are pleased to offer to the market this four bedroom converted chapel, which is situated on the outskirts of Leek market town within a quiet residential area.

Built in 1894 in a gothic style and sympathetically renovated in 2003 into four dwellings.

The property is situated towards to the front of the chapel and is comprised of a kitchen breakfast room, hall, shower room, sitting room and dining room to the ground floor whilst to the first floor are four well-proportioned bedrooms and a family bathroom.

The kitchen breakfast room is sizable with a shower room off the hallway, both bathrooms have contemporary fittings.

Bedroom one is an impressive space at nearly five and a half metres in length and having two skylights along with original stained glass, leaded cathedral windows.

Externally, the courtyard is laid to gravel with a stone circle patio and mature trees and shrubs.

To the frontage is a tarmac driveway for off road parking and an EV charging point.

A viewing is highly recommended to appreciate this home's history, original features and large living space.
