The Property

A truly exceptional four/five bedroom semi detached house which is one of the best we have seen. Originally constructed we believe in the 1930’s, it has recently been the subject of a complete renovation, extension and remodelling programme which has transformed it into a stunning family home combining traditional character features with high quality modern fittings. This is an ideal home for modern living with a superb open plan living kitchen/dining area with atrium and bi-fold doors as well as a separate sitting room and an office or fifth bedroom. There are four bedrooms on the first floor one of which has an ensuite as well as a very large and beautifully fitted family bathroom. Practicalities include a utility room and ground floor shower room internally whilst externally there is parking on the frontage for four vehicles and to the rear there is a contemporary style fully landscaped garden with a summerhouse/garden office as well as a large workshop. This immaculate property offers approximately 2000 sq. ft. of accommodation which is complemented by a high end finish and first class presentation.

A floorplan has been prepared to show the dimensions and layout of the property as detailed below. Some of the main features are as follows:

* A beautifully renovated semi detached 1930’s house which has been remodelled and extended in recent years.

* Spacious immaculately presented rooms including a stunning open plan living kitchen dining area featuring hand made units, integrated appliances, a skylight atrium and bi-fold doors opening to a raised deck with contemporary glass surround through which the view of the garden can be enjoyed. Large family living area with open fireplace as well as a sitting room at the front with bow window and fireplace with a lovely original Art Deco wooden surround.

* There is a small porch and an impressive hall with original stained glass front door and period style tiled floor from which a door opens to a home office/fifth bedroom with another bow window.

* The majority of the ground floor has wood floors and underfloor heating.

* On the first floor there are two double bedrooms with bow windows, one of which features a high open ceiling and a luxury ensuite shower room.

* There are two further bedrooms one of which is a large double and the other a single.

* In keeping with the aforementioned shower rooms the family bathroom is equally impressive and spacious with a free standing claw foot slipper bath, separate fully tiled shower cubicle, wash hand basin with cupboards under, WC, retro radiator/towel rail, ceramic tiled floor with heating under and window.

* As mentioned above there is a large raised terrace approached via the bi-fold doors in the rear elevation with ample space for outdoor living and dining furniture. Steps divide the glazed balustrades and lead to a central path between lawns and borders and leads to a large timber painted workshop/shed and a separate summerhouse/garden office both of which have power connected.
