Location

The site is in a rural location about 1.7 miles west of the attractive and popular village of Fillongley and approximately 7 miles northwest of Coventry. The site lies within the ancient Forest of Arden landscape and offers excellent views to the south. Commuting to Coventry, Birmingham and the wider motorway network is extremely easy with motorway junctions on the M6 and the M42 less than 10 minutes' drive. Birmingham International Airport is also convenient and the proposed HS2 interchange at the NEC is 7 miles which will make commuting to London from this location an extremely realistic proposition. Trains to the capital from Birmingham International currently take approximately 70 minutes and the projected journey time to London on HS2 will be 40 minutes.

Description

The site can be seen on the plans within the particulars. The planning permissions show the basic footprint of the existing buildings on site which comprise two former poultry buildings and a set of equestrian stables. The buildings are still in situ. The total area is about 3.30 acres. Further paddock land may be available by separate negotiation. The plots are described in more detail below.

Plot 1 will comprise a plot of approximately 1.2 acres with planning permission for a 4,600sq.ft. new build two storey dwelling with 700 sq.ft. of covered balcony space.

Plot 2 comprises a similar plot of approximately 1.53 acres with planning permission for an identical 4,600sq.ft. dwelling, again with a superb 700 sq.ft. covered balcony area.

Plot 3 comprises approximately 0.63 acres or thereabouts and has planning permission for a single storey dwelling of 1,550 sq.ft.

Plot 3 will be accessed from Green End Road over the driveway shown brown on the attached plan. The other two plots will be accessed from Gorse Green Lane with Plots 1 and 2 having their own separate accesses from the lane with no rights of way required over each plot.

Planning Permission

Planning permission was granted by North Warwickshire Borough Council on 23rd September 2022 under reference PAP/2022/0155. All relevant planning documents are available in the online data room. The digital images that form part of these particulars are based on the approved planning drawings.

The seller is endeavouring to discharge a large proportion of the planning conditions attached to the permission so, if required, each plot can be developed independently.

Information Pack and Data Room

All relevant information is held in our online data room. This includes all the relevant planning information and also further information with regard to discharge of the planning conditions.

For access to the data room please contact Catherine Docherty, on 01827 721381 or email: catherine.docherty@howkinsandharrison.co.uk

Services

The site is connected to mains water and electricity. There is no mains gas. It is envisaged that heating will be via air source heat pumps.

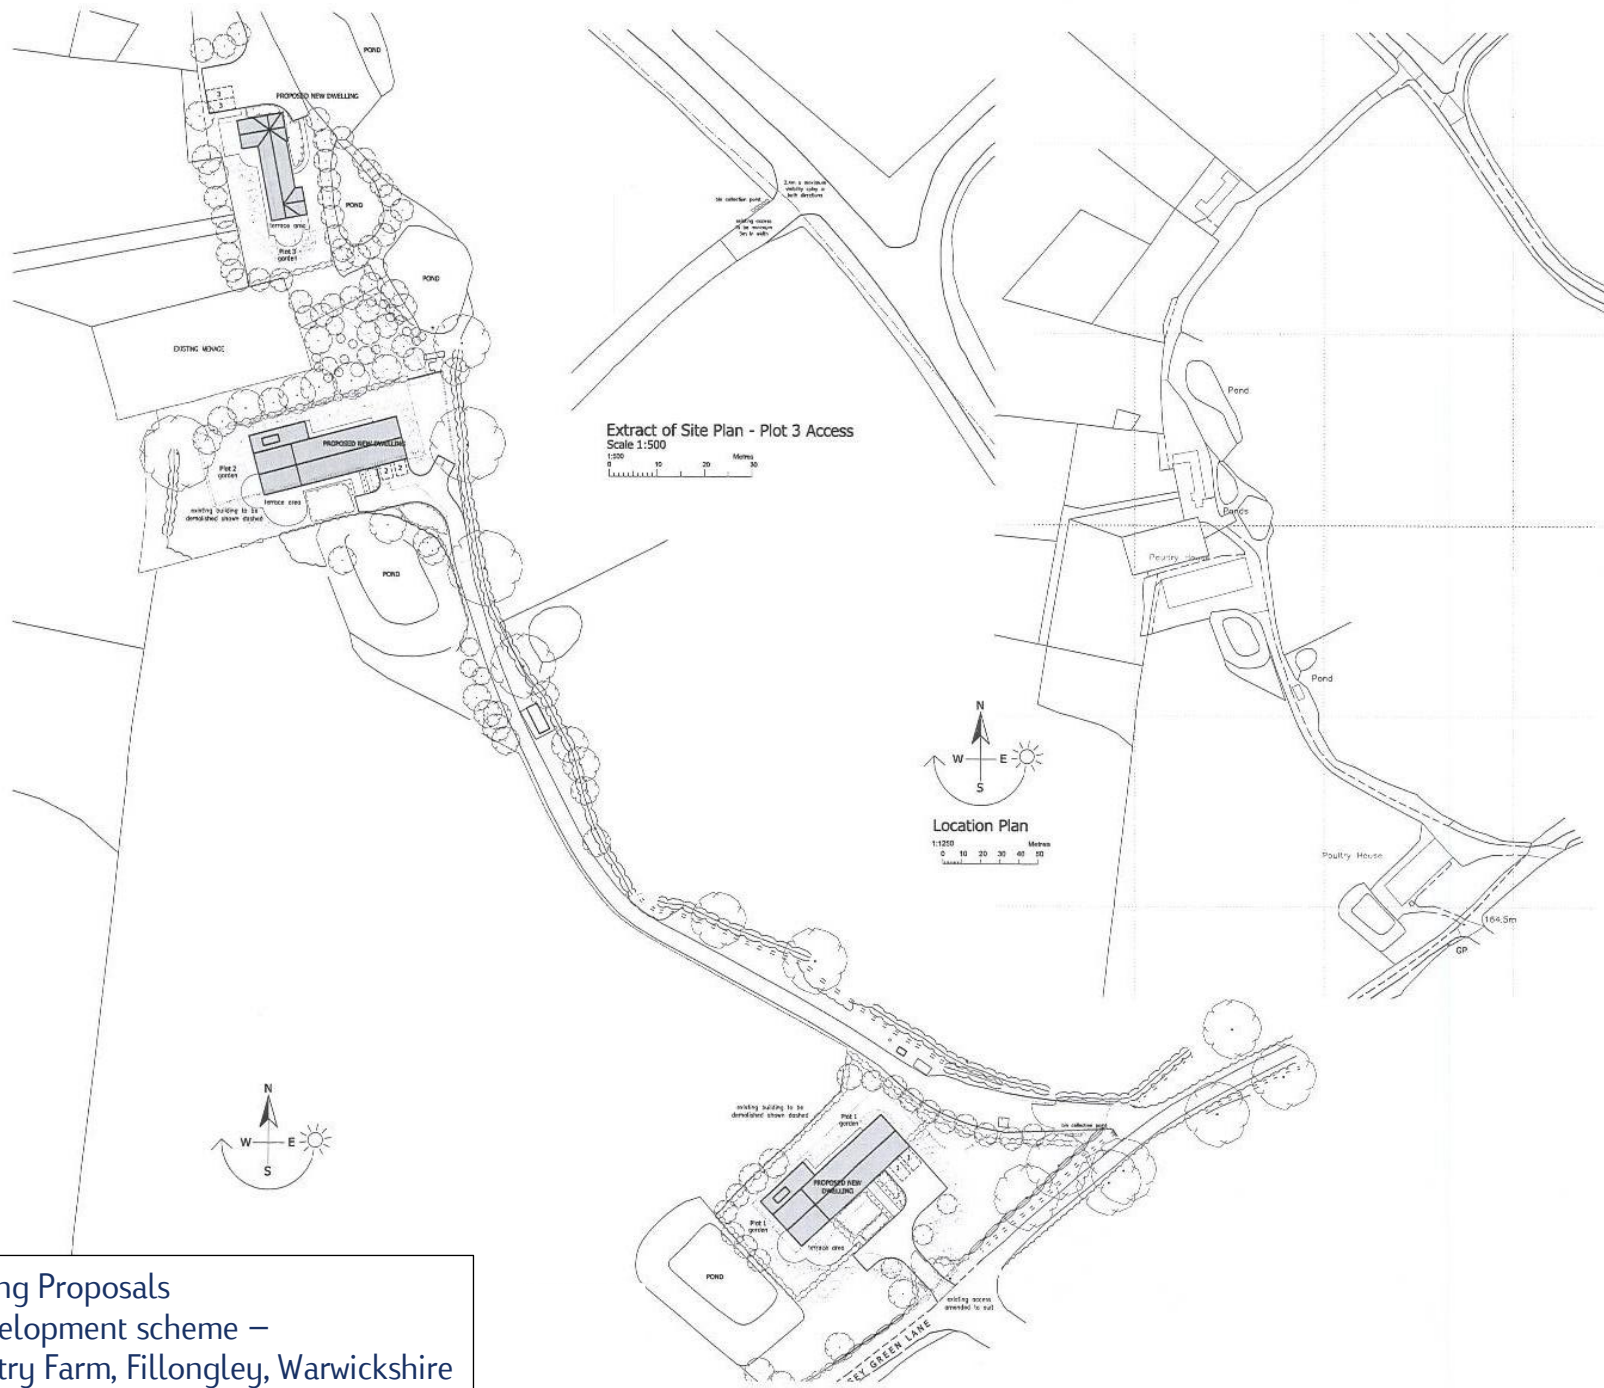

Plans and Areas

The plan on page 2 of these particulars shows, for identification purposes only, the proposed extent of the site, edged and proposed extent of each plot. Plot one is shaded blue, plot two shaded red and plot three shaded green.

Please note that these boundaries are shown for indicative purposes only and may be subject to slight alteration.
