ST. MARGARET'S HOUSE

St. Margaret's House is a "period gem" located right in the heart of Southwell with all of the charm and amenities of this historic market town within immediate and convenient walking distance.

The sale of St. Margaret's House affords an all too rare opportunity to acquire an elegant beautifully proportioned Grade II listed three storey period house of manageable proportions in a wonderful central location.

The extensive range of independent retail outlets, historic Southwell Minster and the Memorial Park are all within close proximity, affording a relaxed and convenient (sustainable) lifestyle in the heart of one of Nottinghamshire's most admired towns.

SOUTHWELL

Southwell is a thriving Minster town between the main centres of Nottingham and Newark on Trent, having an extensive range of town centre amenities and professional services grouped principally Queen Street and King Street, leading through the Market Place to The Burgage.

Southwell schooling is of a renowned standard across the age ranges and the town offers an extensive range of sporting and cultural activities – together with an active sports centre.

Newark on Trent, a larger market town, offers a more extensive range of amenities, professional services, restaurants and leisure activities and from Newark Northgate station there is a fast rail link into London Kings Cross in a scheduled journey time of 80/90 minutes – or thereabouts.
