There is a charge for the building and for this year that is £1195. There is also an estate charge and for this year that is £475. These charges are invoiced for payment in March and September so the total combined annual charge is £3,340. There has been a suggestion that this will go down next year because a maintenance backlog had to be covered in 2024. The total charge was circa £400 less last year.
