Accommodation:

This fabulous family home has a cleverly designed layout that absolutely maximises the natural daylight in all of the rooms, and this starts in the entrance hall that is abundantly lit by a well placed window party way up the stairwell. It makes it a light, bright space that offers a lovely warm welcome to all your visitors.

From the front of the hallway a door leads into the generously sized living room, which extends to twenty feet in length and runs the full depth of the house front to back. This allows it to have large windows at both ends that keep it splendidly illuminated throughout the day. The size of this room makes it very capable of absorbing multiple sofas and chairs, along with other occasional furniture besides and is a lovely spacious room in which to spend time with the whole family.

The rear of the entrance hall opens through a door into the corner of the kitchen/breakfast room, which is a superb 'L' shaped space extending open plan from a useful lobby/office area into the dining space and on into the fitted kitchen at the rear of the house. The room is a really good size and shape, allowing a natural delineation of the various areas, yet retaining the free flowing open connections between them. There are no fewer than four large windows spread around the three outside walls, which allow natural light to completely fill the room throughout the day. There is ample space for a large dining suite in the area to the front, neatly separated from the kitchen by an island with an integrated hob and oven, with an extractor unit above. The remainder of the neat kitchen area is ergonomically laid out and features a range of wall and floor mounted cupboards offering generous storage space and plenty of food preparation work top area, as well as designated spaces for some free standing appliances. At the rear of the kitchen is a nice window with views out into the garden alongside a doorway opening out to the rear.

The rear corner of the house has a fabulous fully tiled shower room with an opaque window. It is a really clever idea to locate the second bathroom on the ground floor making it easily accessible and also able to double up as a conveniently placed guest cloakroom.

Upstairs are the three bedrooms and the nicely appointed family bathroom. All three of the bedrooms are comfortably doubles in size, with the principal bedroom being larger still at nearly nineteen feet long and blessed with windows to all three outside walls.

Exterior:

The house is at the end of a small quiet cul-de-sac with communal parking and a lovely green space in front of it. In addition there is a single garage and private parking space. There is a neat front garden set behind a low level hedge, with a paved pathway running through it to the front door. The rear garden encompasses a very large corner plot, much wider than the house, which has paths meandering through it leading to a large shed, a lovely summer house and a fabulous raised decking covered terrace.
