An exceptional four/five double bedroom family home, thoughtfully extended and renovated to an exacting standard with spacious rooms throughout and idyllic views over rolling countryside.

Enter via a large hallway that is served by a walk in coat/boot room, accessed via sliding doors and with space for storage units. Leading through to a good sized living room with cast iron fireplace and large window with views. To the rear of the property is an open plan Kitchen/Dining/Living 'Super Room' with two sets of sliding doors and roof lantern windows that allow an abundance of natural light to flood in. The kitchen area has a range of base and eye level units with integrated Miele appliances and island with breakfast bar. With space for dining and sitting area, served by a separate utility. The ground floor further benefits from a walk through playroom, home office, cloakroom and integral double garage. The kitchen, study, living room and playroom all benefit from built in hand painted cabinetry made and fitted by Planet Furniture.

To the first floor there are four good sized double bedrooms two with en-suite bathroom, beds three and four are served by a family bathroom and the master suite and bedroom three have fitted wardrobes. Bedroom two was originally two bedrooms and could easily be split again if a purchaser required five bedrooms.

Particularly impressive is the landscaped garden that has been professionally planted and maintained by the current owners and is awash with colour and a variety of seasonal perennials, annuals, shrubs and trees. There is also an established pond, shed, summer house, raised vegetable beds and gazebo with ventilation, heating and lighting built in. With built in lighting that creates an impressive atmosphere of an evening.
