Introduction

Wellparks is a period farmhouse and a fine example of a Grade II Listed Victorian model farm with an attractive brick-built farmhouse with a substantial and versatile range of outbuildings on the outskirts of Crediton. The site, which is accessed directly off the public highway (A377) along a privately-owned entrance track, has Listed Building consent for the conversion of the farmhouse and buildings to 17 dwellings of varying sizes plus three new build dwellings.

Planning Permission

Mid Devon District Council have granted Listed Building consent (22/00068/LBC) dated the 28th July 2023 for the conversion of the farmhouse and buildings to 17 dwellings under planning application. The consent is subject to 10 conditions.

Additional Residential Units

In addition to the Listed Building Consent for 17 dwellings, the Local Planning Authority (LPA) have also granted consent for the development of a further three new build dwellings to the west of the farmhouse. Within three months of development

commencing, full details of these units including floorplans, elevations and roof plans can be submitted to the LPA. Details that are acceptable to the LPA shall be approved in writing. The development shall thereafter be carried out in full accordance with the approved details prior to the occupation of the associated dwellings. The wording of the condition provides the buyer with the advantage of being able to control the final design of these three dwellings subject to the details being approved by the LPA.

Miscellaneous
