- Dartmoor National Park
- Teign Valley location
- Rare opportunity
- Freehold

Offers Over £500,000

SITUATION

The development plot at Dunsford Reservoir enjoys a superb elevated position on the edge of the sought-after village of Dunsford, within the Teign Valley and Dartmoor National Park. Sites of this calibre are rarely available, offering scope to create an impressive family home in one of Devon's most desirable settings. The village of Dunsford has a strong community spirit, with a primary school, village shop and post office, pub, tearoom, and an active village hall. Beyond, unspoiled countryside offers unrivalled access to Dartmoor's rugged landscapes and the renowned Dunsford Nature Reserve, noted for its wildflowers and woodland walks. Despite the rural setting, Exeter lies nine miles away, providing excellent schools, cultural attractions, shopping, and dining, together with mainline rail links, the M5 motorway, and an international airport.

DESCRIPTION

A rare opportunity to purchase a remarkable development site with full planning permission for the construction of a two storey family home with an attached double car port and grounds amounting to 0.39 acres. The dwelling, which occupies an elevated position, will benefit from unrivalled southerly rural views across the picturesque Teign Valley including the historic Grade I listed St. Mary's Church and across the rolling hills of Dartmoor.

PLANNING PERMISSION

The development site benefits from Full Planning Permission (Technical Details Consent ref: 0051/24), subject to conditions, for the conversion of the existing redundant water reservoir to a low energy detached 4 bedroom dwelling.

Technical Details Consent (ref: 0051/24) was granted on the 9 September 2025 following a successful appeal (ref: W/25/3361953) which was made under section 78 of the Town and Country Planning Act 1990. The initial Permission in Principle (ref: 0186/22) was granted on the 25 May 2023 following a successful appeal (ref: W/22/3302228).

The planning consent grants permission for the redevelopment of the existing structure, into a low energy detached dwelling, comprising open plan kitchen / living / dining area with adjoining terrace, four double bedrooms (all with en-suite), utility, study and gym. The house has been designed considering full accessibility and incorporates a lift. Outside, the permission includes consent for an adjoining double car port, and bicycle / garden store.

For further information and for access to the suite of supporting documentation, please contact Stags.

COMMUNITY INFRASTRUCTURE LEVY (CIL)

It is understood that Community Infrastructure Levy (CIL) is currently not applicable.
