DESCRIPTION

Outwood Farm is a substantial detached farmhouse providing over 3,000 sq. ft. of accommodation to include the adjoining cottage. The property has great flexibility to be two units and equally it would be very easy to integrate back to a larger house. The property is believed to have been constructed in the 16th century with later editions.

Outwood Farm has a range of neighbouring buildings, that the current owners are converting for their next dwelling. The property is offered for sale with approximately 1.25 acre of garden and buildings and further is available land by separate negotiations.

ACCOMMODATION

A pathway leads from the parking area to the covered front porch and further into the cross-passage hallway with highly attractive plank and muntion screen. There is a Downstairs cloakroom and steps to the sitting room, which is a fine triple aspect room, centred on a feature fireplace with stone quoins and a heavy beam over. To one side is the turning staircase rising to the first floor. From the hall, steps lead up to the kitchen with a block brick original floor, double doors to the garden and eye and low-level kitchen units. From the kitchen, stairs rise to the first floor, and there is a door to the walk-in pantry.

On the first floor the property has four main bedrooms, a separate cloakroom and a family bathroom. The annexe can be accessed on the top floor, which leads to the bedroom five, which has the potential to be re-integrated back into the main house, but it is currently part of the cottage.

ADJOINING COTTAGE

The adjoining cottage is also accessed via a covered porch, which leads into a kitchen diner and further to an inner hall and the sitting room. The kitchen is fully fitted with a range of units. From the hall stairs lead to the first floor, where there is currently bedroom five, six and seven and a family bathroom.

The Old Hen House:

To the rear of the property there is a separate cottage, known as The Old Hen House, which provides further accommodation, to include a kitchen diner, sitting area, bedroom and en-suite shower room.

OUTSIDE

The property is approached over the canal and via a private road, which only provides access to Outwood Farm and the neighbouring buildings, which are retained by our client. There is a very large front garden, which is predominately laid to lawn with an extensive range of flower and shrub borders, ample patios for sitting out and enjoying the weather. To the rear there is a further lawned garden, which leads up to the adjoining land, which is available by separate negotiations.

The property also benefits from a three bay open fronted garage and there is a workshop which is timber framed.

LAND

Included with the sale is 3.75 acres of land in the field adjoining the garden to the rear. The exact boundaries are to be defined. Our clients own further land, which maybe available by separate negotiation.
