DESCRIPTION

Grange Cottage is an elegant and well-proportioned house overlooking the attractive gardens to the south. It is understood to be over a hundred years old. During the current vendors ownership, the house has been extensively improved and renovated, enhancing the layout, with well-proportioned rooms and high ceilings, perfect for family life and entertaining.

Outside, there is a large, level rear garden, including parking and double garage with en-suite studio over.

ACCOMMODATION

The property itself can be accessed via the principal entrance at the side elevation or via the garden room at the rear. The main entrance is sheltered by a storm porch and opens into a spacious and welcoming reception hall with a staircase rising to the galleried first floor landing and a storage cupboard beneath. Accommodation leads off to a separate study providing the ideal space for working from home, the impressive open-plan kitchen/breakfast room and the reception rooms.

The sitting room offers an informal reception space with side facing windows and fitted shutters as well as an attractive fireplace with a dual aspect log-burning stove. A large archway leads through to the beautifully light 'garden room' providing a second living area which is ideal for entertaining. Two sets of double doors open to the large south facing patio and Velux window. From here there is a second archway leading to the dining room. The contemporary kitchen/breakfast room has an open layout with an informal dining area. The kitchen is beautifully presented with pale green units, granite worksurfaces and several integrated appliances. Beyond the kitchen is a utility with a further range of units, including space and plumbing for laundry appliances, door to the courtyard and door to the cloakroom.

On the first floor there is a spacious galleried landing leading to three large double bedrooms and a well-appointed family bathroom with a bath and separate rainforest shower. From the landing, a further staircase leads to the principal bedroom with high ceilings, a large dressing room, and a luxury en-suite bathroom.

OUTSIDE

The gardens are a beautiful feature, surrounding the house on three sides, with the main entrance accessed through an attractive cottage-style garden, discreetly enclosed by Beech hedging and stone wall. A pathway continues around the exterior of the property past a substantial raised bed containing a mixture of seasonal flowers and shrubs, towards the south-facing patio providing superb entertaining space, also bordered by a mixture of low-level and raised beds containing a variety of established trees, shrubs and flowers. At the south-west corner of the property is a sheltered spot providing the ideal external dining area, featuring a built-in coal barbecue and granite table with matching benches. On the western elevation, accessed from the kitchen and the utility room, doors also open out to an enclosed courtyard garden which enjoys any late afternoon and evening sunshine.

The driveway can accommodate three or four vehicles and there is a double garage which has an external staircase leading up to a self-contained studio with shower room. This is currently used for gym equipment.
