Description

12 Wenlock way is a semi-detached family home constructed around 1970. The living accommodation has been extended into the former garage to provide the dining room.

The property is approached over a paved and gravelled driveway, leading to the enclosed and double-glazed entrance porch. There is a good-sized entrance hall with stairs off to the first floor and a separate WC. The good-sized living room opens into both the conservatory and also kitchen, which is fitted with a comprehensive range of wall and base units, with an additional external door. The dining room is accessed off the kitchen, with a feature bay window to the front.

To the first floor, there is the landing with airing cupboard, three bedrooms and a good-sized refitted bathroom.

Outside, the property has side access from the front driveway, leading around to the rear garden. There is a paved area adjacent to the conservatory, central lawn and well-tended beds.

The property is available with no upward chain and would be ideal as a family home, or for those wishing for a quieter location, but with good access to local amenities.
