The front door opens into a **LOBBY** area with access to the main reception rooms on the ground floor. Stairs lead to the first floor.

**KITCHEN / DINING ROOM / SNUG** 38'1 x 15'11. This stunning, triple aspect room has a real "wow" factor and is most definitely the heart of this home. To one end is the bespoke kitchen with its large island, generous quartz worktops, Butler sink and extensive storage. The high spec appliances include a Lofra Range with gas hob and extractor above, integrated dishwasher and built-in bin storage. Space for American style fridge/freezer. Bi-fold doors across the back open up and link with the east facing patio and garden beyond and two large roof lights bring in additional natural light above the island.

The kitchen is open to the dining area where there is room for a large table and chairs, ideal for family dining and entertaining. This in turn is open to the cosy snug area with its contemporary Scandi style wood burner. Further bi-fold doors open onto the west facing garden to the front. A beautiful Orlestone oak floor links the whole space and adds a wonderful warmth throughout.

**SITTING ROOM** 23'4 x 13'1. This lovely double aspect room, with its welcoming Orlestone oak floor, is the perfect space for daytime and evening living. Its spacious dimensions mean that it can easily serve two different functions. At present, one end of the room is used as a study, however, this could be utilised in different ways and could even potentially be divided off from the sitting room to make an additional reception area, especially since double doors at the back of the room are actually an entrance way from the inner lobby behind.

An open doorway from the kitchen leads to this handy **INNER LOBBY** which gives access to the utility / cloakroom and the downstairs bedroom suite. Room for free standing storage, cloaks and boots. Oak floor.

**UTILITY / CLOAKROOM** 6'9 x 6'0. Handily positioned next to the kitchen, this useful space has fitted wall and base units with woodblock worktop and Butler sink. Space for washing machine and dryer. WC and heated towel rail. Tiled floor.

Stairs lead to a **FIRST FLOOR LANDING**, from which all the four bedrooms and family bathroom on this floor are accessed. **BEDROOM 2** 12'10 x 11'9. A good size double aspect room with views to the front over the garden.

**BEDROOM 3** 12'10 x 10'10. A double bedroom with views over the front garden and large built-in over stairs cupboard which also gives access to the part boarded loft space.

**OUTSIDE** The house sits sideways onto the lane and has a pedestrian gate giving access to the front of the property and double gates to the rear. A driveway in front of the double gates provides parking for 2 vehicles and there is also potential to park two further cars at the side of the house. The garden is split into two areas, front and rear, one facing east and the other facing west. This means that as the sun moves round, there is always a different sunny spot to take advantage of. The larger garden to the front of the house is laid mainly to lawn, and for those with green fingers, there is a greenhouse and raised beds to a pebble area at the far end. A path to the far side of the house connects this garden with a courtyard garden partly laid to lawn at the rear of the house, where there are delightful views over the charming ancient parish church. This garden also has a useful, large workshop / storage shed and a cordoned off area housing the LPG gas cylinder and wood store.
