Lounge 15'3" x 9'8" (4.66 x 2.96)

Window to side, storage heater and brick fireplace.

Outside

To the front there is a South facing enclosed garden which is gravelled with stocked borders and enclosed with fence paneling and gate. leading out to the lane. A five bar gate at the far end of the driveway leads onto a gravelled parking area for several vehicles which gives access to the garage and the rear of the property. There is a greenhouse and access to the lower gardens.

To the rear of the property there is an Indian stone patio with a stream running along the boundary giving access to the summerhouse. There are well stocked beds and borders. The gardens lead down to further shrubbed and lawned area with polytunnel and raised vegetable beds, having numerous fruit trees and bushes. The garden is a superb size and offers great scope for those keen gardeners or those wanting a lot of space for family and children.

Garage/ Workshop 17'5" x 17'5" (5.33 x 5.33)

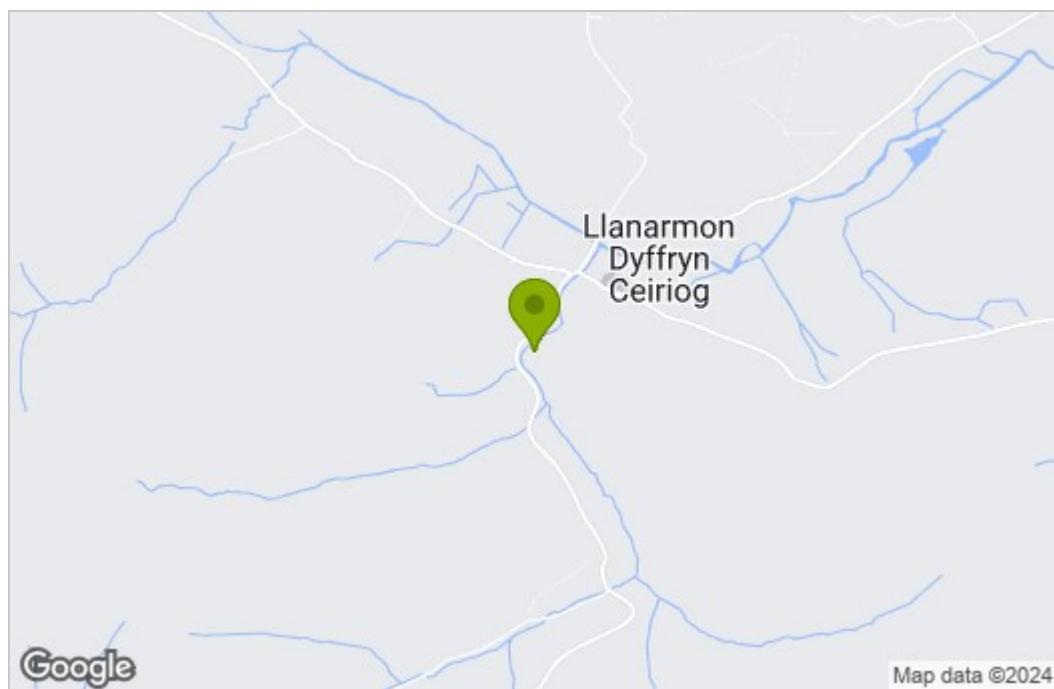

Two windows to side and double doors. The garage is currently used as an artists studio as it has a good degree of natural light, but could also be used for vehicles and a large workshop area.

Solar Panels

The vendor has informed us that there are fully functional solar panels at the property serving both the house and the annexe. These provide virtually all of the electricity to the property during daylight hours. They stated that they were too late to benefit from any payback, but the panels have still made a lot of difference to reducing their energy bills.

Floor Plan

Area Map

Energy Efficiency Graph

Energy Efficiency Rating		Current	Potential
Very energy efficient - lower running costs			
(92 plus)	A		83
(81-91)	B		
(69-80)	C		
(55-68)	D		
(39-54)	E	48	
(21-38)	F		
(1-20)	G		
Not energy efficient - higher running costs			
England & Wales		EU Directive 2002/91/EC
