

CHRISTOPHER HODGSON

Faversham

11 St. Anns Road, Faversham, Kent, ME13 8RH

Freehold

A significantly extended and remodelled Victorian house on one of Faversham's most sought-after roads, within close proximity of the historic town centre and only half a mile from Faversham station, providing direct high-speed services to London St Pancras.

This characterful period house, built circa 1890, retains much period detail and benefits from high ceilings. The property has been the subject of extensive refurbishment throughout with the use of high-quality materials and bespoke joinery, and now provides bright, spacious and beautifully presented accommodation arranged over three floors.

The ground floor is arranged to provide an entrance hall, a sitting room open plan to a dining room, and a contemporary kitchen/breakfast room with full height sliding doors opening to the garden. To the first floor there are two double bedrooms with original

fireplaces, and a luxurious bathroom with a vaulted ceiling.

The lower ground floor comprises two further double bedrooms, one of which is currently used as a study and benefits from a staircase to the rear garden. This floor is served by a stylish shower room.

The well stocked West facing garden incorporates a raised decked area accessed from the kitchen, and a garden studio which suits a variety of uses including a gym or home office space. There is pedestrian access to the rear from Queens Road.

LOCATION

St Ann's Road is situated in a much sought after central location within the historic medieval market town of Faversham which offers a range of local shops and amenities, restaurants, highly regarded schools and three weekly markets held on a Tuesday, Friday and Saturday. Communication links are strong with access to the A2 / M2 and subsequent motorway networks. The High Speed service from Faversham station provides a frequent Javelin service to London St Pancras with a journey time of approximately 68 minutes as well as services to London Victoria with a journey time of approximately 75 minutes.

ACCOMMODATION

The accommodation and approximate measurements (taken at maximum points) are:
