# WORKOUT AND UNWIND

With two local fitness facilities and cycle routes close by, keeping in shape or simply chilling out has never been easier.

Fit@KI\* is Kennet Island's very own gym and fitness centre. A small monthly fee gives residents use of the latest resistance and cardiovascular equipment, seven days a week. Membership is also available at the nearby Hilton's Living Well health club\* where you can swim in the indoor pool, soothe tired limbs in the steam room or take a relaxing sauna. The club also offers a wide range of fitness classes.

If you prefer cycling, Kennet Island has a docking station for Reading Borough Council's ReadyBike hire scheme. There are plenty of cycle routes to enjoy throughout Reading or you can take the cycle and foot path into the town centre along the ecological corridor.

## SPACE TO ENJOY

Careful landscaping at Kennet Island ensures that there's plenty of open space with opportunities to walk, to play, or simply to relax in natural surroundings.

Alongside the formal Piazza, and the shady, tree-lined Boules Court, designated play areas provide a safe and stimulating environment for children. The adjoining Foudry Brook ecological corridor with its ponds and reed beds allows residents to observe a variety of wildlife in its natural habitat. Care has also been taken to conceal the ground level car parking beneath natural landscaping that uses mature and evergreen planting to ensure year-round interest.

Green living and sustainable development is top of our agenda

As a company, we are committed to reducing energy, water and waste on our construction sites, in our offices and in the homes that we build. Almost all of our developments are built on brownfield land and we always take care to protect and enhance biodiversity and natural habitats. Our homes include features to encourage sustainable living such as dual-flush WCs, recycling bins and energy-efficient white goods.

Quality is at the heart of everything we do

At Berkeley, quality takes precedence, from choosing the right location and style of home, to the construction processes we practice, the materials we use and the specifications we put into our homes. For extra peace of mind, in addition to the 10-year warranty all new homes receive, Berkeley operates a 2-year policy with dedicated Customer Service Teams on hand 24 hours a day to deal with enquiries quickly and effectively.

Unparalleled choice of homes in the most sought after locations

As one of the UK's leading house builders, we are able to offer our customers an unrivalled choice of property location, size and type. A commitment to creating sustainable communities

Berkeley's homes and developments are not just built for today. They are designed to enhance the neighbourhoods in which they are located permanently. We achieve this through our commitment to excellence in design, sensitive landscaping, sympathetic restoration, and impeccable standards of sustainability. We aim to address the needs not only of our customers but their neighbours and the broader community of which they are a part. It is a long-term view: we want to create exceptional places for people to live, work and relax in, and build communities that will thrive today and for years to come.

**A commitment to People and Safety**

Safety is a high priority on all of our construction sites. We also aim to have a positive impact on society and enable young and unemployed people to get into work through our support of the Berkeley Foundation.

Berkeley takes social responsibility very seriously. In 2011 we set up the Berkeley Foundation, with the aim of supporting Britain's young people and their communities.

We do this through a number of partner charities that tackle some of the most pressing social problems affecting young people today, including homelessness and unemployment. The money raised comes part from the Berkeley Group, and also through the tireless and inventive efforts of our staff.

We have set a goal for the Berkeley Foundation to invest £10 million over the next four years to support young people and their communities. Every penny will be spent on charitable activities and worthy causes to ensure that maximum benefit is achieved.
