Sold with no onward chain. Viewing imperative to appreciate this tremendous family home.

The Property

The Old Manse is a beautiful and substantial Grade II Listed Georgian house which was originally built as the home for the Chapel Minister. It has been in the same family ownership for over 40 years and has been meticulously cared for during this time. The house is full of wonderful features including (working) open fireplaces, slate flagged and quarry tiled flooring in places and full height multi-paned sash windows including a stained-glass window on the split landing, as well as dado rails and cornicing in places. A beautiful purple wisteria adorns the front façade.

In all, the accommodation comprises; entrance hall, full length drawing room with open fireplace with marble surround, sitting room with open fireplace, morning room (with understairs passage to the sitting room and electric Everhot range) being open plan to the wrap-around kitchen, study, dining room (formerly a double garage) and rear lobby with shower room and boiler room/utility to the ground floor with five double bedrooms - one with a wash hand basin and the master with a full range of fitted furniture - family bathroom and an additional w.c. to the first floor.

The Old Manse is offered for sale with no onward chain and represents a wonderful opportunity to acquire a beautifully kept Grade II Listed Georgian family home.

Gardens and Grounds

To the front and accessed via vehicular gates is a gravelled driveway providing parking for several cars and to the rear and side are level, private gardens backing onto farmland. The gardens are well stocked with mature and established plants and shrubs including acers, magnolia grandiflora, palm, fig, olive and apple trees to name but a few. Within the rear garden is a small stone barn which was formerly the lavatories for the chapel next door (use as such we understand to have ceased some decades ago). Whilst most useful as a garden store there is potential this could be converted to provide a studio, craft room, work from home space or similar (subject to planning consent). The whole site extends to almost a third of an acre and offers a wonderful space for children and pets to play.
