The Property

The beautiful stone elevations have been maintained to a high standard and the roof replaced using natural slates. Mains electricity and water are already connected and the planning consent allows for private drainage to be installed. The existing canopy is available to purchase by separate negotiation but will otherwise be removed prior to completion of a sale.

Planning was granted on 30/04/2025, under Planning Application No. PA24/03474, for the conversion of a store and former concrete aquatics shop with side extension to form a single dwellinghouse.

A wonderful opportunity exists to create a 'one-off' home with a large garden and just three neighbours within what was once a rural farmstead.
