A generational opportunity to purchase an iconic Grade II listed thatched cottage situated in a traffic free location with outstanding sea views across the bay and beyond.

Synonymous with the highly regarded coastal village of Coverack, we are advised that this striking property has been within the ownership of our clients' family for at least two centuries, having been gifted to 'Granny Winifred' as a wedding present and providing a home to local families since.

Reputedly built in the late 16th, early 17th Century as a fisherman's cottage, Winifred Cottage has, historically, seen use as a workshop and was the home of the village shoemaker Richard Barker according to the 1841 census.

Steeped in history, with period features and character, Winifred Cottage is in need of renovation and refurbishment throughout in order to realise its full potential. This however is arguably limitless given the unique nature of the cottage's location and the simply mesmerising panoramic sea views it enjoys out across the bay, beach, Coverack Harbour and the rugged coastline to Lowlands Point and the open sea beyond. Each room (including the cellar) has elevated sea views, towards the bay, harbour or beach.

Nestled in an elevated position, approached by a pathway, the thatched cottage has two bedrooms on the first floor, both with an enviable coastal outlook. From the kitchen and dining area, a stable door opens out directly on to the terrace and garden below with sweeping marine views, seemingly the perfect place to sit out and escape the rigours of modern life with a breakfast coffee, afternoon tea or perhaps something stronger in the evening.

Outside a sheltered side garden area with a stone chipped patio provides an alternative spot in which to relax and unwind. Enjoying reasonable degrees of privacy, the garden areas to the front are laid largely to lawn with an adjacent vegetable garden area for the 'green fingered' prospective purchaser. There is a former outside toilet and an adjacent area of garden which offers scope for enhancement, subject to any necessary permissions or consents, as does the cellar which has a window with a view to the sea.

In summary, the cottage comprises a hallway, kitchen/dining area, lounge, bathroom, study/snug and two upstairs bedrooms.

Coverack itself is a quintessential Cornish fishing village being situated on the Lizard Peninsula, which has been designated as an area of outstanding natural beauty. The cove itself has a lovely sandy beach which is a popular centre for water sports that include windsurfing, stand-up paddle boarding, sailing and diving. There is an attractive harbour from which a small fleet of traditional fishing boats operate and land their daily catch. There is a public house, restaurants, a shop selling local produce and a primary school. St Keverne village is a short drive away and has a number of shops, including a butcher's and doctors surgery whilst comprehensive schooling can be found in the nearby village of Mullion. The bustling market town of Helston which has more extensive amenities including national stores and supermarkets, is some eight miles distant.
