An impressive 18th Century period farmstead, with a useful range of outbuildings, set in approx. three acres of attractive grounds, in a popular and accessible location between the Yorkshire Wolds, North York Moors and the North Yorkshire Coastline.

The farmhouse accommodation has three generous bedrooms and two loft rooms plus a three bedroom cottage, which could be integrated into the main house to enable use as a large six bedroom family home, provide independent multi-generational living accommodation or be utilised for a lifestyle business.

The property is set on an approx. three acre plot that includes woodland, a pond, kitchen garden, courtyard, meadow and formal gardens. The substantial range of outbuildings include workshops, garaging, stable and open-fronted barn.

The current owners have previously operated an extremely successful holiday accommodation, wedding venue, B&B and retreat centre, but are now semi-retired and run the business at a reduced level as a self-catering holiday accommodation business that sleeps up to twenty-six people – see www.dalefarmholidays.co.uk

The property is located in open countryside on the edge of the well serviced village of Hunmanby, which sits on the borders of the Yorkshire Wolds and the Vale of Pickering and within striking distance of the Heritage Coastline. The village provides a good range of amenities including shops, cafes, pubs, church and primary school. The Yorkshire Wolds Trail passes nearby and enjoys excellent views, whilst the town of Filey and the larger Victorian seaside town of Scarborough have a full range of facilities and amenities, including railway access to the East Coast Mainline.

The location of the property is therefore ideal for holiday accommodation offering walking, cycling, horse-riding, beaches, water sports and many other tourist attractions.
