Plot 1 - The Chestnut

A spacious reception hall leads off into a study with rear garden views, generous living room and a beautifully appointed dining kitchen with integrated appliances and bi-folding doors off the dining area opening out to the rear garden, complemented by a useful utility room. The principal bedroom features a luxurious en-suite shower room and the 2nd double bedroom is served by a stylish bathroom. Other internal features of note include a high performance air source heating system, double glazing and neutral decoration throughout.

Externally, a double width driveway with EV charging point provides parking for 2 cars and access into a single detached garage with both the front and rear gardens already turfed.

PLEASE NOTE - Mulgrave Properties are offering buyers a full package of extras when purchasing this particular property which include covering the cost of your Stamp Duty, legal fees, wool carpets plus a packing and removal service

About Mulgrave Properties

We are an independent and award-winning Yorkshire-based developer with a small but steadfast team who truly care about making your real estate journey as seamless as possible - supporting you every step of the way and always on-hand to answer any questions you may have. Our aim is to build developments that have been designed with the utmost attention to detail front of mind (both externally and internally), incorporating features that not only enhance the functionality of each property, but give our homes an entirely unique character of their own. We strive to offer exceptional customer service throughout the entire property procurement process, priding ourselves on always going that extra mile and are proud to subscribe to the New Homes Quality Code.

We build new homes without compromise; designed to combine forward-thinking construction with a nod to the local landscape and unwavering attention to detail. Blending outstanding craftsmanship with contemporary touches. All of our homes are completed to the highest standard, featuring top quality fixtures and fittings throughout and you can rest assured the finish of your property will be second-to-none

Quality Over Quantity

Volume is not for everyone. So instead, our smaller-scale communities showcase only a handful of exclusive, energy-efficient homes. Blending contemporary construction methods with deluxe finishing touches and money saving features including high-performance heating systems as well as a 10 year NHBC warranty. Each new home is forward-thinking in its construction, blending country-inspired architecture and locally driven workmanship across a limited collection of detached properties, complete with ample outdoor space to soak up the surrounding scenery.

Mulgrave homes are built to meet a minimum EPC rating of band B, which can not only reduce gas guzzling utility bills, but unlocks unique lending opportunities with lower rate green mortgages. Our homes also feature low-carbon air source heat pumps, which can cut back your energy consumption and come in handy all year-round, warming during colder months and cooling through summer.

Service Charge

Please note that each of the 4 properties will contribute approximately £912.00 per annum for the maintenance and upkeep of the road and landscaped areas within Maple Court.

Tenure

Freehold
