Development Plan

## The Ripponden

Traditional style meets the demands of modern living with The Ripponden. The ground floor hosts a generously sized open-plan kitchen diner complimented with French doors leading into your rear garden, bringing the outside in, filling this spacious area with plenty of light. There's also a separate front-facing living room. Upstairs is a spacious landing area leading to two double bedrooms and the family bathroom

## Why Buy New?

Whether you're moving out, moving on, moving upwards or sizing down, make sure you're moving forward.

There are several advantages of buying a new-build home that an older property simply doesn't offer. Not only can new-build homes offer sensible financial benefits, they are often a much better match for modern day lifestyles.

New homes are built to a higher standard than ever before, from the latest building materials to the newest appliances. In fact, the cost of upgrading an old home to new build specifications is nearly £45,000. Newett Homes work with the Environment Agency at planning stage and building control throughout the build, to guarantee you a high specification home.

Did you know, 17% of space in older properties often goes unused? New build homes make use of every inch, providing flexible, practical spaces, whatever your circumstance.

Whenever you move into a new home, it's natural that you'll want to put your own stamp on it. With a new build you have a blank canvas and you can even work with the builder to help shape the space the way you want it. Speak to the sales team to find out more about the options and choices on offer.
