Waverley Central

Our first show home on the development is now open, showcasing our 'Mildred' 4-bed link detached. These new types will sit alongside our 2-bed starter homes, 3 and 4-bed townhouses and 5-bed corner detached properties.

The masterplan and house types have been carefully crafted to hide parked cars within internal courtyards, freeing up the street scene for people, plants and trees. The vision demonstrates the importance of place making and the need to limit the dominance of the car over pedestrians, the introduction of shared green spaces to soften the masterplan with mature planting along all routes.

Energy Efficiency

Our homes are built with the FUTURE IN MIND and with NO HIDDEN EXTRAS. Each home includes an air source heat pump for clean energy, EV charging and solar panels as standard.

Energy rated B - these properties benefit from being able to have GREEN DEAL mortgages, which can save you money on your mortgage. Ask the sales team for more information.
