This handsome stone farmhouse located on a prestigious country lane in a picturesque semi-rural village setting enjoys simply stunning views over the surrounding countryside and stands on a generous landscaped plot with beautiful gardens extending to nearly one acre. The original property dates to approximately 1750's but was virtually rebuilt in 1984 to modern specification at the time whilst retaining the original footprint and much of its original character. The house has been lovingly maintained by the current owners who have installed Solar photovoltaics and a superb fully insulated stone built orangery creating a wonderful family room overlooking the principal gardens. It comprises close to 2300 square feet of living space comprising three more reception rooms, a farmhouse kitchen, utility room, ground floor WC, four bedrooms and two bathrooms but what really makes this house stand out and its most notable feature is outside. Approached off Alder Lane through a wide private driveway there is ample off-road parking and a large courtyard to the rear leading to a detached agricultural barn, extensive brick built outbuildings and a large workshop which all offer myriad of opportunity for ancillary development to the farmhouse such as family residential annex, hobby farm, storage, equestrian use or even as potential to use the volume to extend the farmhouse, and the portal frame barn could potentially accommodate commercial uses, a classic car collection or even a residential barn conversion subject to the appropriate local authority consent. Please ask for further details regarding probable potential and also possible restrictions. Viewing is strictly by appointment through Regan & Hallworth Estate Agents. We are reliably informed that the Tenure of the property is Freehold. Council tax band is G. The Local Authority is St Helens Borough Council. The property is warmed by oil fired central heating and has a recently updated septic tank.
