DESCRIPTION

The Art House is a quite remarkable three bedroom double fronted period property in the heart of the village of Praise-an-Beeble which offers charming light and spacious accommodation throughout. The property has been sympathetically maintained over the years, retaining many delightful original and period features, whilst improving core aspects of the home, such as a new roof and Gas fired heating system. Internally, the property benefits from a lovely flowing blend of accommodation, with an open plan Living room/Dining room which in turn opens up into a spacious Kitchen. There is the benefit of a tucked away Study area, a fabulous rear Sun room, and a decadent bathroom and separate cloakroom on the Ground floor. Upstairs there are three excellent double Bedrooms with beautiful, exposed timber flooring. There is also remarkable potential outside: with a garden literally hundreds of feet in length! Other properties in the area have capitalised with outdoor workshops and annexes, and subject to necessary consents, there are a wealth of possibilities. The garden itself meanders gently upwards offering a wide range of different areas, with a very useful parking area suitable for several vehicles. All in all, this is a wonderful family home providing stylish light and airy accommodation, with a stunning and almost never ending garden! Early viewing is advised.

OUTSIDE

The garden at the Art House is without doubt one of the defining features of the property. Immediately outside the sunroom there is a concrete stone and paved patio area providing ample space for outside dining. There is a raised bed and approximately 7' x 4' timber pent shed. One side of this area of the garden there is a stone built out house providing useful storage. A pedestrian gateway opens into a further area of garden with concrete paved pathway. To one side of the pathway there's a range of shrubs plants and flowers. To the right hand side there are lawned areas giving access into a section containing an approximately 7' x 4' greenhouse and established vegetable garden.. Continuing up the garden there are further areas of lawn with a path meandering between. The garden in total is believed to be approximately 300 feet in length offering incredible versatility with a vast number of sheltered private and sunny areas. At the midway point leading up the garden there is a timber five bar gate which gives vehicular access into and out of the property across a right of way from the road beyond. This private parking area currently provides space for several vehicles on a granite chipped driveway But there is plenty of scope to increase this parking area given the size of the garden. Further towards the rear of the garden, there are a wide range of trees shrubs and wildflower gardens. The gardens do offer plenty of opportunity for further development in numerous ways, and may support the creation of an annexe or workshop, subject to any necessary consents.
