Property and Location

In recent years St Ives has fast become one of Europe's premier holiday destinations, famed not only for its beautiful beaches and coastal footpaths but also for the maze of narrow cobbled streets packed with quality restaurants,

galleries, and café bars. The streets all lead down onto the picturesque harbourside where you can watch the local fishing fleet return with their daily haul and if you're lucky you might get to see the seals or pod of dolphins. The town offers 3 award winning blue flag beaches including the well-known surfing beach at Porthmeor where situated above is The Tate St Ives.

The property was purchased over 5 years ago and has undergone a major renovation programme. The home now offers spacious family living throughout. Real thought has been put into the home with high quality fittings and fitments throughout including Lusso bathrooms. The open plan living space is a real feature of the home and is loosely divided into four areas being the living room, TV area, dining room and kitchen. Downstairs also offers a open study area and separate W/c. The central staircase rising from the living space leads to the open landing area where there is access to the rear and a utility room. There are two double bedrooms and a large family bathroom along with the master suite which offers an en-suite shower room. To the rear of the property is a small area of courtyard with gated access onto Park Avenue along with a garden path leading to the separate detached 1-bedroom cottage which can be let with the main home or as a separate holiday let. The Path leads to steps rising onto the garden area which is loosely split into two areas one for the cottage and one for the main house. Both areas offer a lovely view across the town and towards The Island and St Nicholas Chapel. From the rear of the garden is gated access onto the parking area which offers parking for two cars along with offering an electric car charging point.
