PLANNING

Planning permission was granted in January 2018 for the planning application reference 2016/2173 for 'the erection of 7 no dwellings with associated access, landscaping and ancillary works'. Since then the original consent has been the subject of various amendment applications, including planning application reference 2019/1053 for the 'variation of condition 2 of planning permission 2016/2173. This is now considered to be the principal consent.

The opportunity exists to amend the details of the consent, via various routes, in order to deliver alternative design proposals that align with the vision of the current approved scheme and principles. Brown and Co are currently delivering alternative

design options for the site and are happy to discuss various options and all planning matters in relation to this site.
