The Coach House

An interesting opportunity to acquire two fine stone dwellings, sitting directly opposite each other and known as The Coach House and The Stables, forming part of the original Brampton Ash Manor. It is thought possible that the properties could be combined and extended to create one dwelling (subject to the necessary planning consents) or thought suitable for a multi-generational family.

The properties sit on a total plot of approximately 0.39 acres.

Location

The charming village of Brampton Ash is surrounded by some of north Northamptonshire's most attractive open countryside, with the church of St. Mary the Virgin located on the edge of the village which is lit at night and can be seen for miles around the Welland Valley.

The village of Great Bowden (just under four miles distant) contains a number of local facilities and amenities including two shops, one public house, post office, school and church. There is also a wide range of active village societies and activities. Also within five miles lies the historic town of Market Harborough with a greater range of everyday facilities including banks, supermarkets, a commercial centre and theatre together with leisure centre. It is from here that the main line station connects with London St. Pancras International and Eurostar.

The area is well known for schooling with preparatory available at Great Glen, Spratton Hall and Maidwell and senior at Uppingham, Oakham, Oundle, Leicester and Rugby. Further to the north lies the city of Leicester with a comprehensive range of commercial and leisure facilities. Neighbouring towns include Northampton, Kettering and Corby whilst the M1 motorway is approximately 16 miles to the west and the A14 approximately 7 miles south.
