An extensive refurbishment was commissioned by the Vendor using the well-regarded builders JR Buckett & Son and included a complete re-modelling to provide an extremely comfortable home with a smart, modern interior. The property was re-wired, re-plumbed with a new central heating system, replacement double glazed windows and French doors, a beautifully appointed kitchen with good quality built-in Neff appliances and solid granite worktops. There has been extensive high-quality joinery throughout the accommodation with oak panelled interior doors, staircase and stylish bespoke cabinetry including shelving, storage cabinets, wardrobes and storage cupboards. To the ground floor, there is an attractive natural slate tiled floor with good quality carpets to the first floor and tiled floor to the bathroom.

Stickworth Hall was originally a fine Georgian property built in the late 1700's with various subsequent extensions. It was converted into apartments and cottages in the early 1990's. The property is tucked away at the end of a private lane in a quiet rural setting with convenient access to the close-by cycle path which stretches from Sandown through to Newport. Newport is approximately a fifteen-minute drive away and it is a similar length journey to Lake, Sandown and Shanklin, making this cottage ideally suited as either a permanent or second home/holiday retreat.
