The original house was built in the Late 1700s as a pair of cottages, with Grenville having been extended in 1830, and now offering a property full of character providing well-balanced accommodation.

The current owners have considerably renovated the property during their ownership, making a home with modern comforts yet restoring or reinstating period features where possible, such as the stone entrance pillars, stained glass front door, original shutters, and ornate balustrades to the first floor balcony (a replica of what was originally installed).

Whealers Bay itself is a picturesque bay located on the south-east coast of the Island, just east of Ventnor and Grenville is fortunate enough to be situated above the bay to enjoy wonderful views of the English Channel. With easy access to the town of Ventnor, with its array of amenities including independent boutique shops, restaurants, bars and numerous coves and bays. The beautiful Botanic Gardens, Ventnor Park and renowned Ventnor Fish Market are also nearby.
